Outreach Initiatives completed during period:

Stations provide a “Jobs Available” link on their website at www.klamathradio.com to inform prospective employees of all jobs available at the station as well as open periods to submit resumes for future job openings.

Stations have an intern program available to all local High School students throughout the school year from September through May to help encourage interest in broadcasting.

Stations have an intern program available to students of Oregon Institute of Technology to encourage interest in broadcasting.

Stations conduct tours of our broadcasting facilities for various local groups and organizations to encourage an interest in broadcasting and a future in broadcast employment.
